

Dear students of TY, HFY and PG-II (2026-27),

Congratulations for successful completion of your On-Job Training. We hope it has been an enriching experience and you are now familiar with the expectations of a professional workspace.

The Student Placement Cell of SXC is now ready to open registrations for the year 2026-27.

We appeal to all interested candidates to go through the following before proceeding to registrations.

1. Registered students sometimes opt for the selection process of a company as practice/trial. An offer extended by the Company is then rejected at a later stage citing varied reasons. Such rejections negatively affect our relationships with hiring organisations and also jeopardise fellow students' chances of a placement. Apply and appear for an interview process only if you are committed to accepting the offer, should it be extended to you.

b) Rejection of offer on any grounds after final selection will be liable to a compensation in the form of additional SIP / ECC hours and /or monetary contribution. The Principal will remain the sole discretionary authority in this matter.

c) In addition to the above, the student will be ineligible for any placement process in the same year as well as in subsequent year, if applicable (TY to HFY OR HFY to PG2).

d) Please read the policy document before proceeding with registrations. All the rules and responsibilities stated in the Placement Policy document will be strictly applicable to all registered candidates.
