### CRITICAL READING AND THINKING

#### LEARNING OBJECTIVES:

To enable the student to acquire appropriate communication skills for effective college learning. Critical reading, thinking and writing are increasingly being seen as intertwined activities which form the basis of university education. Hence the focus is on a variety of complex multicultural readings which raise ethical issues pertaining to contemporary situations. Through reading thought-provoking short stories, essays and poems in class, the student will be encouraged to develop independent critical responses. These ideas will be pursued as discussions as well as presentations in the class.
