

Master's in Public Policy

Tissue Banking in India: Need, Regulatory Hurdles and Way Forward

Authored by: Ashutosh Lobo Gajiwala

Class of 2023

Department of Public Policy

St. Xavier's College, Mumbai

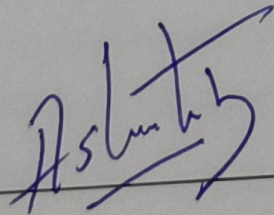

Declaration

I, Ashutosh Lobo Gajiwala, declare that this thesis entitled "Tissue Banking in India: Need, Regulatory Hurdles and Way Forward", submitted for the completion of Master's in Public Policy at St. Xavier's College, Mumbai, is my original work. All the information, data, and ideas presented in this thesis have been properly acknowledged and referenced. Any contributions made by others to this thesis, including literature, research findings, and intellectual discussions, have been appropriately credited through proper citations and acknowledgements.

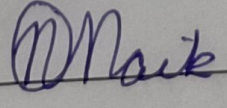

I further declare that this thesis has not been previously submitted for any other degree or examination at any other institution. The work presented in this thesis represents my own efforts and reflects my own intellectual and academic contributions to the field of Tissue Banking. I have not plagiarized or copied any content from any other sources without giving due credit.

I also express my gratitude to my supervisor, Professor Nandini Naik, for her guidance, support, and valuable inputs throughout the course of this thesis. I hereby acknowledge that this thesis was done under her supervision.

By signing below, I affirm that I have read and understood this declaration statement, and I solemnly declare that the contents of this thesis are true, original, and have been produced in accordance with the ethical guidelines and academic standards set forth by St. Xavier's College, Mumbai, and the relevant regulatory bodies.
